Art In My Back Yard a Big Success

THE HIT SHOW "BUY LAND!"—Art In My Back Yard's third gallery exhibition—closed on October 30 after a successful one-month run. Several hundred neighbors and art lovers from around the city visited the gallery to see the painting, sculpture, photography, and video of 10 local artists over the course of the show. Highlights included the opening night, which featured the music of jazz trio **Pink Monkey**, a talk by local landscape designer **April Bayne**, and a visit by an after-school program and their high school mentors.

AIMBY organizers Johanna Zorn, Liz Mills, and Jackie Kazarian with artist Chris Novak at the opening exhibit on October 2. Chris Novak's video was featured in the show.

The AIMBY organizers are grateful to **Dave and Gloria Lasley** of L-Technology Enterprises and **Nebojsa Nicketic** of R & B Plumbing & Construction for allowing the rent-free use of their beautifully renovated storefront at 4201 N. Elston.

Look for L-Tech's new professional computer maintenance and care business, called PC/Mac, which is opening soon in the space. The artists and organizers are also grateful to **Jackie Kazarian**, AIMBY founder and artistic visionary.

Dear Neighbor,

PLEASE BE SAFE. This seems to be a very troublesome time in our neighborhood. There are more frequent reports of scam artists, assaults, robberies, and gang activity in recent months than we have seen for a long time.

One local police officer feels there are various reasons for this increase. As it relates to gang activity, one reason is seasonal. Traditionally, gang recruitment starts at the beginning of the school year. As part of the process of joining a gang, a prospective member must prove his or her allegiance by completing some task to prove their obedience and commitment. It could be a robbery or a battery or a theft or some other task. Historically, there is always an escalation of violence and an increase in tagging at this time of year.

The poor economy has also probably played a role. People who previously weren't involved in crime because they had a job or a little more money are turning to theft and scams to stay afloat.

The West Walker Civic Association is looking at ways to better record and report all types of crime to our CAPS representative or other responsible authorities. Once a system is in place, we will post information in the *Wire*.

In the meantime, and in addition to anything done by the WWCA, individuals and blocks should do all they can to keep crime activity down. If in doubt, walk with a friend rather than alone. Don't put yourself in places or circumstances where you are alone and out of sight. Don't answer the door if you don't know who is there. If someone approaches you or tries to get into your home, call 911 and alert the police to the suspicious activity. Do the same if there are groups of strangers standing on your block or hanging out in cars. You know your neighbors. If people don't belong and are up to no good, have the police move them along. If you see tagging or gang signs, paint over them (on your property) or call 311 to have it removed.

The city also encourages the use of "block clubs" to share information and organize reporting. If your block has not organized a block club but would like to do so, log onto www.chicagopolice.org for resources or contact our CAPS organizer, John Eischen, at john.eischen@chicagopolice.org.

As always, anyone concerned about any of these issues should attend our local CAPS meeting. The next CAPS Meeting for Beat 1723, which covers all of West Walker, is Wednesday, November 18 at the 17th District Police Station in the Community Room.

These are just a few ways to protect yourself, your property, and your neighborhood. With everyone's help, we can only make things better.

On another note, thank you to Julie Capps for stepping in as our new ad sales coordinator. If you'd like to place an ad in the *Wire* please contact Julie at julie.capps@sothebysrealty.com.

WWCA General Meeting Minutes

From October 20, 2009

The meeting was called to order at 7:35 p.m. President Mike Webber introduced the board members present. The September minutes were approved as presented in the October issue of the *Wire*.

Chris Sauve, recycling coordinator for the City of Chicago, spoke about recycling and the environment. Currently the city is on hold with new neighborhood recycling rollouts. Forty-five Streets and Sanitation truckers were laid off in July. Yard waste is the biggest challenge for collections. Mr. Sauve suggested that people recycle old plastic bags at CVS, Tony's, and Walgreens. He also said that Earth911.com is an excellent resource to find recycling locations for specialized items, such as electronics, hazardous items, automotive, and more.

Michelle Kaicener, WWCA green coordinator, reported that Weatherization Fairs are no longer being held around the city. Instead project teams will help train people to install weatherization kits, which include fluorescent bulbs, door stops, a sealer roll, and more. (For more information see her article on page 7.)

Presenter Josh Jones, from the Department of Health, is not only a neighbor but also a medical director for tuberculosis control. With the appearance of the H1N1 virus, he is currently working on getting information and vaccinations out. If you get vaccinated, he said, you will either not get the flu or you'll get a very mild version of it. According to Mr. Jones, if you are 65 and older you should get the flu vaccine each year. Vaccination clinics will be at the city colleges (except Malcolm X) on Saturdays from 9 a.m. - 2 p.m.; and Tuesdays and Thursdays from 3-8 p.m., starting Saturday October 24 through November 19.

Les Kniskern, a board member of TRAC (Tax Reform

Action Coalition), spoke about their current undertakings. If you have questions on the Tax Reform Act, you can contact him at 773.339.5915

The treasurer reported that the current balance in the WWCA checking account is \$1,597.44.

There is an open forum for Deb Mel's advisory board. Roberta Bole will attend the November 3 meeting regarding the library.

The Pulaski Elston Business Association (PEBA) will hold its annual holiday party fundraiser on November 18 at Monastero's Ristorante, 3935 W. Devon Ave.

The Art in My Back Yard exhibition had a successful opening on October 2, with about 150 to 200 people in attendance. The *Chicago Tribune* published an article about AIMBY.

Laura Ell reminded folks about the Halloween Fest, featuring music, crafts, and games for kids and adults. A donation for the food pantry was requested.

The landlord of 4033 N. Harding has initiated a lawsuit to remove the tenants from the building. The court date is November 2. Officer Spatafora reports that it could take up to two or three months for this to resolve. The landlord has filed formal eviction proceedings and there has been a summons issued to the tenants.

Irving Park Carlson Ministries announced that on Saturday, December 12 it will host a Holiday Art Invitational from 10 a.m. to 5 p.m. in the Irving Park Lutheran Church gym, and on Sunday, December 13 a Sing-Along Messiah at 3 p.m. in the church

The meeting was adjourned at 8:43 p.m.

CAPS Report

by Pam Austin

“CRIME ALERT”—this subject line in an e-mail always gets everyone’s attention and is often forwarded many times to spread the word about recent activity. What about your neighbors who don’t have a computer or don’t use e-mail on a regular basis? Talk to them—the more people aware of what’s going on, the more likely the offenders will be caught. There seems to be an increase in crime in the West Walker area and we all need to work together to put a stop to it.

Many residents from the 4000 block of Harding attended the CAPS meeting on October 21, expressing their frustration and concern about the continued gang activity on the block. In the past month the police have increased their patrols and surveillance of the area, resulting in 12 contact cards, five arrests, and one traffic offense. Tenants in one of the buildings where most of the disturbances were reported have been evicted and are expected to move out by November 1.

Several landlords of properties in the West Walker area were present because they realize their responsibility to the neighbors. However, as one resident stated, “There needs to be an effort to let West Walker landlords know that they have a duty to the neighborhood and alert them to tenants who have had the police called on them, and disturb the neighborhood.” If there is suspicious or illegal activity at a rental on your block, call the landlord. The police will only contact the landlord if a crime is committed on the property.

Always call 911 anytime you see someone or something suspicious—no incident is too small. If you suspect gang activity, ask the dispatcher to relay the call over the in-car computers and not over the radio. Many gangbangers use scanners and disperse as soon as they hear the call go out.

Statistics by type of crime in the West Walker neighborhood (Sept. 21 - Oct. 21, 2009):

Motor vehicle theft	6
Theft \$300 and under	5
Robbery	4
Battery	3
Criminal damage to vehicle	3
Non-criminal, lost property	3
Burglary (unlawful entry)	2
Theft \$300 and over	2
Criminal damage to property	1
Deceptive practice	1

39th Ward Report

Dear Neighbors:

Autumn is here and that means leaves are falling. If leaves fall on the parkway in front of your home or on your property, you are responsible for their removal (burning is not permitted). Please rake and bag the leaves. Do NOT

rake the leaves into the street, because it clogs water drains and street sweepers. When the grates are blocked, rain water and melting ice and snow cannot drain from the street.

The circus is coming to town! Ringling Bros. and Barnum & Bailey Circus has provided discounted vouchers for

39th Ward residents. The discounts are for performances at the Allstate Arena (Nov. 5-15) and the United Center (Nov. 18-29). With the voucher, you receive \$5 off the ticket prices on weekend performances. Please stop into my 39th Ward Service Office to pick up the discounted vouchers.

The Montrose Avenue water main replacement project is well underway and running on schedule. I know this project has caused some inconvenience to West Walker residents, but when complete, it should help with the flooding that we've experienced in past years.

City offices will be closed on Friday, November 27 for a city reduced service day. I wish you a happy Thanksgiving holiday.

Sincerely, Margaret Laurino, Alderman, 39th Ward

Low-cost Weatherization Project

IN THE PAST couple of years the City of Chicago has given away low-cost home weatherization kits to help people manage their winter energy bills. This year, instead of having kits at Weatherization Fairs around the city, we are setting up teams of volunteers to hand out kits, train folks to install the materials, and measure the success of the installations by completing an installation survey.

The project has three objectives:

1. To make sure folks understand how to use the materials in the kits.
2. To make sure people are getting real benefit from the kits, and not just storing them away in the basement or garage.
3. To see which items people are actually finding useful to improve the content of future kits.

This year's kit includes the following materials in a reusable, fabric shopping tote:

- Flexible caulk cord weatherstrip
- Insulating vinyl foam tape
- Clear poly sealing tape
- Outlet insulator pads
- Low-flow faucet aerators
- Compact fluorescent light bulbs
- Door sweeps
- Children's coloring book

I'm still looking for volunteers to train folks and help distribute kits and complete installation surveys. If someone needs assistance installing items from the kit, you may be asked to help out.

Please e-mail me if you'd like a kit or want to help. There's no charge for the kits, but there is a limit of one per household, and you need to be a City of Chicago resident. Single family homes, condos, and apartments all qualify.

I will have a limited number of kits, so let me know as soon as you can if you'd like one. I expect them to arrive by about the third week in November, and they need to be installed and surveys completed and returned to the city by December 11.

Thanks, and stay warm!

Update on the Independence Park Bungalow Renovation Project

by Lynda Olander

Community Meeting

On September 8, the architects with Bailey Edward Architecture took us through a very exciting presentation detailing the many facets to this project. At the conclusion of the meeting, we all left knowing that our years of perseverance will pay off. This renovation to the Bungalow

Historical photo of the Independence Park Bungalow from approximately 1936.

with its focus on green building initiatives will serve as a national model. The scope of the project includes but is not limited to:

- Repairing/restoring clay tile roof
- Restoring windows and doors
- Providing all new mechanical systems for energy efficiency
- Upgrading electrical service, lighting, plumbing, and architectural finishes that meet the Chicago Historic Bungalow guidelines.

By utilizing leading-edge green technologies, this renovation will achieve a rating of three stars in the Chicago Green Homes Program.

Fundraising

The community signed on to raise \$200,000 for this project. Following the 2008 Fine Wine and Cheese Party, we had attained a total of \$48,000 from our various fundraisers. Through the efforts of our State Rep Deb Mell, we received a grant in the amount of \$100,000 as part of the state capital improvements bill, putting us at \$148,000. (An update on the 2009 Fine Wine and Cheese Party held on November 7 will be published in an upcoming issue of the *Wire*.)
