## Be A Wire Carrier!

Hi Neighbors!

For the past few issues, we have been publishing the Wire online due to Covid. But starting with this issue, will we are ready for hard copy printing again!

So many neighbors, young and old, enjoy getting the West Walker Wire delivered to their door thanks to our neighbor volunteers. But we have a few volunteer carriers who have retired and or moved. So we need your help.

10 months of the year (we don't publish in July or August), Wires are delivered to carriers' doors for delivery. It typically takes about an hour to deliver a route. Students looking for service hours are welcome!

Can you help us out? Please contact Mike Webber - [webber.wwca@gmail.com](mailto:webber.wwca@gmail.com) or 773-539-8346

Thank You!

# Dear Neighbor,

THE WIRE IS BACK FROM SUMMER VACATION. As I write this, we hope to resume the delivery of paper Wires to all households in the West Walker Neighborhood in September. As a result of the COVID-19 Pandemic, we have not been able to deliver Wires since March, and temporarily went to online-only delivery. Unfortunately, COVID-19 is still with us. As a result, I am repeating local governmental contact information below in case you missed it online. First, there are two important messages that also bear repeating.

**Complete the Census by September 30, 2020.** This is the last chance to be counted. No extensions to this deadline have been announced it is completely anonymous and participating substantially increases the amount of federal funds which will be available to our local government and state for the next 10 years. Ask your friends and Neighbors if they have completed the Census. This is vitally important. Please go to [www.my2020census.gov](http://www.my2020census.gov) today.

**Vote Early by Mail or in Person November 3, 2020.** Voting is as important as participating in the Census – This year perhaps even more than ever. Many people have already received “How to Vote by Mail” information in their mailboxes. If you plan to vote by mail, complete and return the request for a mail-in ballot NOW. Once received, fill and your ballot and return it as early as possible. If you have not received information to request a mail-in ballot, go to [www.chicagoelections.gov](http://www.chicagoelections.gov) and request a mail-in ballot. Again, return your completed ballot as soon as possible. Be sure to follow all instruction and to SIGN your ballot.

**There are many resources available** for information and assistance, on all levels of government. This includes your local alderman, the City of Chicago, and your state and federal representatives. I am providing contact information for many of these resources below.

As you know, West Walker is broken into three separate wards. The alderman contact information as well as state and federal officials for our area is listed below.

**35th Ward Alderman Ramirez-Rosa.** His website is [www.aldermancarlosarosa.org](http://www.aldermancarlosarosa.org). His office receives email at [ward35@cityofchicago.org](mailto:ward35@cityofchicago.org), and the ward office telephone is 773-887-3772.

**39th Ward Alderman Nugent.** Her website is [www.aldermannugent.com](http://www.aldermannugent.com). Her ward receives emails at [ward39@cityofchicago.org](mailto:ward39@cityofchicago.org), and the ward office telephone is 773-736-5594.

**45th Ward Alderman Gardiner.** His website is [www.aldermangardiner.com](http://www.aldermangardiner.com). His ward email address is [ward45@cityofchicago.org](mailto:ward45@cityofchicago.org), and ward office telephone is 773-853-0799.

**State Representative Andrade,** represents the local 40th state district. His website is [www.staterep40.com](http://www.staterep40.com). His office can be emailed at [info@staterep40.com](mailto:info@staterep40.com), and his office number is 773-267-2880.

## A Note From Alderman Samantha Nugent

We have certainly had an eventful few months. As I write, the West Walker neighborhood continues to recover from one of the most damaging storms Chicago has ever seen. I am so grateful to the West Walker neighbors who helped one another and partnered with us to assist in the massive cleanup effort. The 39th Ward team, Streets and Sanitation, and Forestry crews worked around the clock to clean storm debris. As I met with neighbors and saw the extent of the damage, I was drawn to the deep sense of camaraderie neighbors felt towards one another and how West Walker neighbors truly illustrate compassion and service.

I am excited to share that West Walker is getting several infrastructure improvements following extensive community feedback. We will be removing the traffic circles on Harding and Berteau and at Berteau and Hamlin. We are adding Speed Humps on the 4100 block of Harding. Additionally, we are repaving the 4200 block of Avers. The 2020 Infrastructure work is scheduled to be completed by the end of October. We are continuing to collect your feedback for infrastructure and traffic calming ideas.

I'd like to share an update on the North Park Village green space, which is important not only to 39th Ward residents but to all Chicagoans. For over a year, I have worked with community groups, conservation advocacy groups, partners across city departments, and the seniors who call the North Park Village home to ensure that the North Park Village land will be kept natural, maintained, and preserved through a conservation easement. I was honored to testify in support of this easement in the Committee on Housing and Real Estate. The easement was passed by the Committee with the recommendation for passage at the next City Council meeting scheduled for September 9th. I am pleased to share we are one step closer to protecting this beloved community space.

We continue to work with all of our school communities in the 39th Ward. If you know a student in need of technology for E-Learning as the year starts remotely, please do not hesitate to reach out to our office at [Ward39@CityOfChicago.Org](mailto:Ward39@CityOfChicago.Org) or at 773-736-5594.

I encourage you to consider joining our Participatory Budgeting committee for 2021. Participatory Budgeting is a democratic process in which community members directly decide how to spend part of a public budget. Residents will decide how to spend \$500,000 of the 39th

*Your Neighborhood Realtor!*

### Pandemic Effects on Real Estate

First, I hope you all are healthy during this unprecedented time. The pandemic has impacted all our lives and impacted Real Estate. According to Dr. Lawrence Yun, Chief Economist with the National Association of Realtors:

- 1. Home prices are stable to increasing** – Prices in 2020 increased 3-5% and could increase 2-3% in 2021.
- 2. Low inventory of homes** – Low to mid-price range homes sell quickly with multiple offers. Higher priced homes (\$1.5 mil +) are seeing price decreases.
- 3. V shaped recovery** – Real estate, unlike many sectors, is seeing a solid recovery. Requests for mortgages are up 20% vs a year ago (not including refinancing). Housing starts are returning to normal (building new construction homes).
- 4. Foreclosures** – There is a moratorium on foreclosing until March 2021. If we see an increase in foreclosures, demand for homes will keep the market stable.
- 5. Shifting preferences** – Seeing a shift to buying in the suburbs & a demand for larger homes to accommodate a home office.

**If you are thinking of selling in the next 24 months, and want to get the highest sale price, please call me for a free home consultation.**

## Irving Park Mutual Aid Network Raising More Funds

The Irving Park Mutual Aid Network is part of a city-wide coalition bringing support and relief to our neighbors during the coronavirus crisis. Volunteers in Irving Park are making deliveries to and checking up on our neighbors in need, but there is currently a waiting list to give out funds, so they have a goal to raise another \$9,000. ## Household Chemicals/Computer Recycling Facility Open

The Chicago Department of Public Health operates the Household Chemicals and Computer Recycling Facility, located at 1150 N. Branch Street. The facility is open on Tuesday from 7 am to 12 pm and on Thursday from 2-7 pm, as well as the first Saturday of every month from 8 am to 3 pm. In addition to the services offered at the Household Chemicals and Computer Recycling Facility, this year they are also providing the Household Electronic Recycling Pilot Program at locations throughout the city.

Some of the new locations for residential electronics recycling are as follows:

**6441 N. Ravenswood**, 1st Wednesday of every month.

**4808 W. Wilson**, 1st Friday of every month.

**4619 W. Homer**, 2nd Wednesday of every month.

All three locations' hours are 9 am to 1 pm on their respective days.

## News From St. John’s Episcopal Church

### Do you know a Native language? A back-to-school project for all ages

Please help us honor the true native languages of this land by learning and sharing nature words of local Native American Chicagoans. Here’s how!

1. Visit the St. John’s garden (next to 3857 N Kostner Ave). Write down the words for the things you see that you want to learn the names of i.e. dirt, grass, rabbit, tree, robin, flower, worm etc. You can do this in your own yard or park near you.
3. Choose a local native language you wish to learn. Details at: [www.stjohnschicago.com/?p=4771](http://www.stjohnschicago.com/?p=4771).
4. Write the Native word you learned in permanent marker on the colored ribbon indicated. You can also add a drawing or photograph.
5. Go back to the garden and tie the ribbon to the thing (tree, flower, grass) and bring some sticks to tie on the ribbons and put in the ground (rabbit, butterfly, wind).
6. Practice saying the words!

## Pantry Totals Expected to Rise

The Pantry's client totals have risen, fallen and risen again in recent months as the economic conditions changed. In August, with the unemployment stimulus ended and many businesses still closed, numbers

remained stable at about 130 or so.

Totals rose as high as 200 clients per week in May, dropped to 130 in late June and then rose again to 160+ in July. These high numbers (compared to 75 or so in February), combined with many sources of food being unavailable, have put a strain on our resources for both purchasing and finding supplies.

We are always in need of nonperishables (cereal, pasta, peanut butter, tuna, mac & cheese, etc.) and other items. Donations can be brought to the Pantry on Monday (10 to noon) or Tuesday (1 to 3 p.m.). Please do not bring them during operating hours on Wednesday due to the large crowds and barriers to access. Please email info@irvingparkfoodpantry.org if you have a large donation and want to arrange a delivery.

Monetary donations to our purchasing budget can be made at the PayPal link at our website, www.irvingparkfoodpantry.org.

If you would like to volunteer on a regular basis, please contact Volunteer Manager Betsy Minor at volunteer@irvingparkfoodpantry.org. Volunteers are needed for Monday (10 to noon to take in deliveries), Tuesday (1 to 3 p.m. to prebag groceries) and Wednesday (8:30 to noon to

Thank you to the management team at Mariano's in Harwood Heights, who in early August delivered a carload of our most in-demand items--canned goods, dry beans, pasta and pasta sauce! Thaddeus from Mariano's dropped off the products, which were quickly turned around to our clients.

Thanks also to everyone at Koval Distillery (4241 N. Ravenswood), especially Dr. Sonat Birnecker, president, and Otto Ade, regional

distribution manager, for the donation of 8 gallons of hand sanitizer to the Pantry. It follows an earlier donation of 4 gallons that are being used right now. We appreciate their continued support.

Unfortunately, the Pantry will be unable to run its annual coat drive this year. We are working on ideas for our Holiday program and hope to announce plans in early fall.

We appreciate everyone's support during these difficult and uncertain times as we work to alleviate food insecurity in our neighborhood. You help us meet our mission of being "Neighbors Helping Neighbors!"

## St. Edward School

St. Edward School welcomed our students and staff back for the 2020-2021 school year! The safety and well-being

of our students and school employees is our primary concern and we will do what we must so everyone in our school feels safe. Our large classroom spaces, small class sizes, multiple entrances, temperature checks and hand washing provide optimum safety for our students and staff. The campus is sanitized daily through extra intensive cleanings.

The individual classroom operates under a “cohort” model in which students and staff are grouped by homeroom. To ensure that our students’ learning is prioritized, we will test students at the beginning of the school year to assess the needs of each student individually and focus on the core subjects of reading, math, religion, English, science and social studies. Special content classes (art, music, Spanish, PE, and STEM) come to the students. You can read the full reopening plan on the St. Edward School website.

The 2020-2021 school year also introduced some new faces and a new program. Several new teachers have been welcomed to the school community. We wish them a successful first year at St. Edward!

Also new this year is the introduction of a STEM learning program for all grades. Mr. Enrile, our current junior high science teacher, has transitioned our current technology program and developed the STEM program for preschool through 8th grade. STEM promotes critical and creative thinking through the collaboration of science, technology, engineering, and math.

This upcoming Community Event gives you a night off from cooking and benefits St. Ed’s!

Monday, September 14th, 4pm – 10pm, Easy Street, 2922 W. Irving Park Rd. Please mention St. Edward School when ordering delivery, carry-out or dine-in.

St. Edward School celebrates 110 years of providing a Catholic education to children in grades PK3 – 8th grade!

St. Edward School is a 2017 National Blue Ribbon Exemplary High Performing School. We are accepting 2020-2021 registrations for new families. Scholarships are available through our parish, the Archdiocese, and the government.

Take our virtual school tour at: <https://youtu.be/cMMjMjo01k>

You can also arrange for an individual school tour by calling the office at 773-736-9133 to explore our campus and learn more about our outstanding academic programs and extended care. For more information, please visit our website at [www.stedwardschool.com](http://www.stedwardschool.com).

### In Memorium: Marilyn Saberman Weiss

*What Marilyn Taught Me*

A Remembrance by Dr. Anthony Rodriguez  
Principal, Schurz High School

One of the first people to welcome me to the Schurz family when I started here 10 years ago was Marilyn Weiss, and one of the very first things she taught me was the pancake rule. For those of you that knew her, you know this rule. For those of you who didn’t have the chance to know her, it goes something like this: The things we undertake in our lives are much like making pancakes. That first one never comes out quite right... either burned or undercooked. After learning from the first one, the second one comes out a bit better, and the third even moreso. And so on...

It is a rule that she would remind me of when I “burned” a few pancakes as assistant principal as well as when I entered my first year as principal. It has become something that I now share with others and often remind myself of when reflecting on my work.

I feel blessed to have known Marilyn. The positive impact that she had on so many people’s lives was abundantly clear in the number of students past and present that shared their memories of her on Facebook. For me, it was a reminder of the power having a teacher

like Marilyn can have on a young person's life and a reminder of the intangible and invaluable things about teaching. She reminded us that we can be so much more than educators...if we choose to be. And she did. Every single day.

Marilyn, the world is a better place to have had you in it. I will do my best to share with others what you have shared with me. There is always another pancake to flip."

Marilyn Weiss was an extraordinary human being whose teaching career spanned over 50 years. Prior to her retirement last year, she had taught at Schurz High School for nearly 20 years. Her dedication to her students and fellow teachers was evident to everyone. Even in retirement, she continued to substitute teach at Schurz. Her energy, enthusiasm, no-nonsense, pick yourself up and start again philosophy will live on in all of us, but most importantly in the hearts and minds of the students that were fortunate to have her in their lives.
